

# Resume

## Personal Information

Name: [User's Name]

City: Porto

Contact: [Your Contact Information Here]

## Summary

Adaptable and highly motivated individual with a diverse skill set encompassing technical abilities in web development, a hands-on approach to DIY, and a strong interest in hospitality. Driven by curiosity and a desire for self-improvement, with experience in various part-time roles and ongoing technical projects.

## Skills

- Web Development: JavaScript (basic), PHP (learning for full-stack apps), LEMP stack
- DIY and Home Repairs: Basic plumbing, electricity, general DIY knowledge
- Language Skills: English (fluent), Portuguese (learning)

## Experience

Café Assistant, Hotel Breakfast Attendant (sample roles)

Worked in hospitality roles such as café assistant and hotel breakfast attendant, demonstrating punctuality, attention to detail, and customer service skills while managing morning shifts.

Freelance Web Development

Completed small-scale projects including a landing page and currently working on a calculator project to enhance JavaScript skills. Focused on secure and lean approaches to web development.

## Projects

- Personal Landing Page: Developed a personal online resume to showcase skills, experience, and availability.
- Calculator Project: Building a functional calculator in JavaScript as a hands-on learning exercise to strengthen understanding of basic programming concepts.

## Education and Training

- Self-Learning: Studied foundational JavaScript and Express.js/Node.js, exploring full-stack capabilities with PHP and asynchronous logic to create simple applications.

## **Resume**

- Practical Experience: Learning through focused exercises and project-based tasks.

### **Languages**

- English: Fluent
- Portuguese: Learning
